NEW QUESTION: 1

What does the exemption method of giving double taxation relief mean?

- A.** The countries agree that all types of income will be exempt or partially exempt in both countries.
- B.** The countries agree on certain types of income which will be exempt or partially exempt in both countries.
- C.** The countries agree that all types of income will be exempt or partially exempt in one country or the other.
- D.** The countries agree on certain types of income which will be exempt or partially exempt in one country or the other.

Answer: D

NEW QUESTION: 2

The Reserve Bank may recover from the sender the attorneys' fees if an action is brought against a Reserve Bank on the basis of:

- A.** Any warranty made by the Reserve Bank
- B.** All of the above
- C.** Failure of sender to have authority to make the required warranties and agreements
- D.** Any action by the Reserve Bank within the scope of its authority in handling the item

Answer: B

NEW QUESTION: 3

Which of the following devices should be placed within a DMZ?

- A.** Data warehouse server
- B.** Departmental server
- C.** Proxy server
- D.** Application server

Answer: D

Explanation:

An application server should normally be placed within a demilitarized zone (DMZ) to shield the

internal network. Data warehouse and departmental servers may contain confidential or valuable data and should always be placed on the internal network, never on a DMZ that is subject to compromise. A proxy server forms the inner boundary of the DMZ but is not placed within it.

NEW QUESTION: 4

Which of the following is an objective of a quality review?

- A. Allow the Project Manager to delegate more quality checking responsibility to the Team Manager
- B. Provide confirmation that the product is complete and ready to be approved
- C. Provide sufficient information to perform a performance review on the Producer
- D. Provide an opportunity to change the product

Answer: B
